OLDEST ODD FELLOW GONE

John Edmiston Dies At Crab Orchard In 91st Year—Splendid Citizen In Every Way

John Edmiston, one of the oldest and most respected citizens of Lincoln county, and perhaps at the time of his death the oldest Odd Fellow in Kentucky, passed away at the home of his son, Dr. W. J. Edmiston, at Crab Orchard at 9 o'clock Wednesday morning.

Sixty-two years ago, in 1854, Mr. Edmiston joined the order of which he was so long a member, and he was the last of the charter members of Crab Orchard Lodge No. 193. He had been repeatedly honored by his brothers of this great order, and until the end always took an active interest in its work for humanity. He was laid to rest in the Widows and Orphans' lot of the Odd Fellows in the Crab Orchard cemetery, following the observance of the beautiful ritual of the order over his remains before interment. Religious services were conducted by his long-time friend, J. C. McClary, at the home.

The deceased was one of the finest old gentlemen in the county, esteemed and beloved by all who knew him. He was a member of one of the county's most prominent families. His wife preceded him to the Great Beyond many years ago. Three sons survive, Dr. W. J. Edmiston, with whom he made his home, John S. Edmiston, of Harrodsburg and Walter Edmiston. He was the oldest brother of D. B. Edmiston, of Louisville.

In politics before the civil war, the deceased was a Whig; during that struggle he was a Union man, and since an uncompromising republican, but he never allowed his political prejudices to interfere with his personal friendships; as an illustration, Col. J. W. Guest and R. H. Brown, two of the staunchest democrats in all that section, were his intimate friends.

Years ago, Mr. Edmiston united with the Baptist church. He at all times was an honorable upright life, and his life was a distinct loss to the community in which he lived and the county.

HIGGINS FARM SOLD

Known as the old Higgins farm, of six miles southwest of Harrodsburg, was sold last week by David Robinson, of Harrodsburg. There are 239 acres in all, and the price paid for it was \$10,000. The farm was owned by a late husband paid for \$10,000. Mr. Robinson had to buy the farm owned by a late husband paid for \$10,000. WANTS TO BE JUDGE

Mr. Thomas A. Rice, a prominent citizen of Stanford, wants to be Judge of Lincoln county, and has announced himself. Judging from the many nice things that are being said about Mr. Rice, he will easily be elected. He has a splendid record and is popular with everybody. Mr. Rice is a brother of Mayor Samuel Rice and Judge H. C. Rice, of this city. His numerous friends in this section wish him success.

SALE

Mr. Howard Kirk has come home from Mr. Gooch Yeakey's. Mr. Tom Berry was on the creek Sunday. There will be a pie supper at this place Friday night. The pie supper is for the church. Everyone is invited to come and have a big time. George and Edd Farmer were at Highland Sunday. Miss Grace Baugh spent Saturday with Miss Verdel Young. MERRIMAN SELLS OUT

One of the biggest deals recently made in the West End was the sale by W. M. Merriman, of Moreland, of his big poultry and produce buying business to the Harrodsburg Ice and Produce Company. It is understood that Mr. Merriman received a fancy price for this part of his business, receiving \$1,000 a year for five years. He will still engage in the junk, iron and hides buying business but will turn over his large produce and poultry trade to the Mercer county firm, which already had been buying in the West End territory and realized the magnitude of the trade that Mr. Merriman had developed. The firm has its headquarters at Harrodsburg and like Mr. Merriman, operates motor trucks all over its territory receiving poultry, eggs, etc.

MURDERED IN OKLAHOMA

Former Lincoln County Man Shot In Back By Drunken Negro

Turnersville, Dec. 15.

The relatives and friends of George Goode, of Fredrick, Okla., were shocked when they learned that he had been murdered by a drunken negro, on Saturday, Dec. 2nd. He went in and got his laundry and came out and was shot in the back with a shot gun by the negro, who says he did not know Mr. Goode and Mr. Goode did not see the negro at all. He was a son of the late Jerry Goode and the oldest of a large family of children. He was 71 years old and never married. He leaves three brother, Arch Goode, of Snyder, Tex., Wm. Goode and Mrs. J. D. Reynolds, Cairo, Mo., Mrs. Albrecht Skinner, of Mercer county, Mrs. Kate Coffey, Tom Goode and Mrs. E. P. Martin of Lincoln, besides a host of nieces and nephews and friends who mourn that the good man is no more. He spent some weeks last year with relatives in Kentucky and many were the happy hours they passed in recalling the days of their childhood. His funeral was conducted at the Presbyterian church at Fredrick, of which he had long been a member and after Masonic services at the grave the body was laid to rest.

There was a good crowd out Sunday to hear the new pastor.

Mr. W. D. Gooch and family have moved to King's Mountain.

We understand that James B. Beck and family will soon leave for Montana. Mr. J. A. Manning has rented the farm for next year.

Obie Anderson of California, is visiting friends here.

Mr. Bryan Cooper and wife and little daughter, Mary Catherine, visited Mrs. K. L. Martin Sunday.

Margaret, the little daughter of Mr. and Mrs. Robert Cooper has been quite sick.

J. T. Coffey and K. L. Martin delivered a load of tobacco at Danville last week. Coffey received 18 cents and Martin 16 cents.

WELL KNOWN NEGRO DIES

John W. Hayden, aged 41 years, one of the best known colored citizens of Stanford, died at his home in Macksville Wednesday, after a three weeks' illness of typhoid fever. For years Hayden was porter at the St. Asaph hotel, and by his unflinching courtesy, politeness and strict honesty and reliability made a great many friends among the white folks who regarded him highly. He saved his money and started a colored pool room to which he had given his attention recently. He was a member of the colored Masonic lodge near McKinney. He was buried at the colored burying ground at Barrow's Friday afternoon.

Make some nice money by buying some of the beautiful acreage lots in Vandever Park next Saturday, Dec. 16 and put them up in smaller lots.

MRS. IKE SHELBY DIES SUDDENLY

Wife of Well Known Stock Man Drops Dead At Home In The Northwest Section of This County

Mrs. Isaac Shelby, wife of Isaac Shelby, who is one of the best known stock and cattle buyers in this part of Kentucky, dropped dead at their home, the Denny farm, about six miles west of Stanford about 11 o'clock this Friday morning.

News of her sudden taking, was phoned to Mr. P. M. McRoberts, brother-in-law of Mr. Shelby, at his law office here, shortly before noon, and he and Mrs. McRoberts, who is Mr. Shelby's sister, went at once to the home of Mr. Shelby. Details were not generally received, except that death had come suddenly to Mrs. Shelby, who, so far as known, had been in good health previously.

Mrs. Shelby is survived only by her husband of her immediate family, having lost their only child some time ago. Before marriage, she was a Miss McElroy, of Marion county, and was a very brilliant and talented woman. Her husband is a great grandson of Gov. Isaac Shelby, first governor of Kentucky.

TO THE DEMOCRATS OF LINCOLN COUNTY

I do not believe in any candidate trying to get into office by riding a "hobby." The office of County Judge is a very important office, and one in which each and every tax payer of the county is, or should be interested, and a man to fill that office should be selected because of his qualification and fitness for the office, and not because of some insincere promise or proposition appealing to any one interest.

In making my announcement as a candidate for the democratic nomination for County Judge, I declared myself in favor of increasing the pay for work done on the dirt roads of the county to 75 cents a day for a hand and not less than \$2.00 for wagons and teams. You will notice that I did not say that a man with a wagon and team should not be paid more, but that "they should not be paid less." My opponent and friend, T. A. Rice declares in his announcement that he is in favor of paying hands \$1.00 and wagon and teams \$2.00 for each day of 10 hours.

Now at the time I made my announcement I happened to know the law of our state makes 8 hours a legal day's work on the public roads, and my proposition to pay 75c and \$2.00 for 8 hours work amount to about the same as Mr. Rice's proposition to pay \$1.00 and \$2.00 for 10 hours work. Mr. Rice forgets, or does not know that a County Judge cannot make, amend or repeal our State laws, and if he wants to thus engage, he should be a candidate for the legislature instead of County Judge. I do not pretend to say that 75 cents for a man and \$2.00 for a man and team is enough, considering prevailing conditions, but I believe that to be as much as the county can pay until some means can be devised to increase the road funds of our county.

If I were County Judge and the county had the money, I would gladly vote as a member of the fiscal court to pay each man \$1.25 and each man with a team \$3.00 for each day's work of 8 hours each, but the financial condition of our county would not now justify these prices, and it would be but piping of a hypocrite and the braying of a demagogue to make promises that I could not fulfill. When I was a member of the legislature I procured the passage of a law authorizing the fiscal courts of the state to furnish tools to be used on the dirt roads, and if elected County Judge I will be in favor of furnishing a reasonable number of suitable tools to be used on the dirt roads of our county.

Large sums have been spent in machinery to be used on the pikes and I see no good reason why those who have to keep up the dirt roads should not be furnished tools to do the work. The prices paid hands on the roads are small enough to pay for the labor alone, without having to furnish tools. I hope I have made my position on the road question clear.

Your truly,
M. F. NORTH.

"BIG FOOT" JOHN CAUGHT

Negro Charged With Assaulting Waynesburg Man Here, Is Arrested In Depot At Lebanon

"Big Foot" John Engleman, local negro who is charged with making a murderous assault upon Mitchell Dotson, a Waynesburg cattle man, in Macksville, about three weeks ago, is said to have been arrested at Lebanon last night. Chief J. D. Carter will go there on the 2:30 train this afternoon to bring the negro here to face a charge of murderous assault against him.

Engleman, who is a well known police character, skipped out on Monday after the tragedy when it was reported that Dotson had died of the wounds in his head. He was seen going west on the L. & N. railroad but nothing more was heard of him until a passenger coming to Stanford on the late L. & N. Thursday night, awakened Chief Carter and informed him that he had seen Engleman sitting in the depot at Lebanon. The chief immediately got on the job, phoned to officers at Lebanon, and was soon informed that his man was under arrest.

Dotson is said to be on the fair road to recovery now, although his life was despaired of for a while. An operation was performed on his skull, which it was believed would restore him to consciousness so that he will be able to tell how the crime was attempted. A witness is said to have been found who saw Engleman strike the Waynesburg man and then run.

Gordon's "Quiet Talks"

Will Be Profitable Religious Feature Here After Christmas

Much interest is being manifested in the series of "Quiet Talks" which will be given by Mr. S. D. Gordon in Stanford Dec. 31st to Jan. 4th under the auspices of the Stanford churches. The series will start on Sunday evening Dec. 31 at the Christian church, with a union service, the subject of Mr. Gordon's talk being "A Simple Story of a Startling Change." He speaks then four afternoons at 3 o'clock at the Presbyterian church following this, and four nights following at 7 o'clock at the Christian church, his subjects being as follows:

Afternoon Subjects

Monday—"Does Prayer Change Anything?"

Tuesday—"Why Prayer Fails?"

Wednesday—"How to Insure Results in Prayer."

Thursday—"The Chief Significance of this World War."

Night Subjects

Monday—"A Fascinating Bit of Biography."

Tuesday—"God on a Wooing Errand."

Wednesday—"Does God Need You and Me?"

Thursday—"A Mastering Passion."

Admission is free and all are cordially invited.

A friend has kindly written the following about the coming of Dr. Gordon here:

"Hear Dr. S. D. Gordon in his 'Quiet Talks' in Stanford, Dec. 31 to Jan. 4. We are face to face with a great spiritual opportunity."

Perhaps no man in modern times has brought the precious gospel of Jesus, the Savior, to so many human beings as Dr. Gordon. He has carried The Message around the world, and his books, Quiet Talks in Prayer—Power—Temperance—Service—Our Lord's Return, and others, have been translated into a score of foreign tongues.

Dr. Gordon married a Kentucky girl, Miss Mary Kigore, of Glasgow, and he is a brother of "Ralph Conner," the fiction writer-preacher. Dr. Gordon is in demand in great centers of population and to have him in our midst, to close the year 1916, sitting at his feet, hearing the Old Story of Jesus, love and power and in the dawn of the New Year to hear it again told so wonderfully, magnificently, as Dr. Gordon tells it, is indeed a privilege and should inspire all to a closer walk with God throughout the year. Hear him.

Crab Orchard

The marriage of Rev. C. E. Wyatt, pastor of the Christian church at this place and Miss Myrtle Murray, was solemnized on Friday afternoon, Dec. 8th, in that church. The beautiful and impressive ring ceremony was performed by Rev. Horace Kingsbury, of Danville, an old schoolmate and chum of the groom. The maid of honor was Miss Mae Campbell, of Danville and the best man was Harry Collier of this place. The bride was attired in a blue charmeuse dress of latest style and carried a bouquet of bride's roses and looked her sweetest. Rev. Wyatt as pastor of the church here needs no write-up as everyone knows so well the great work he has accomplished for the church during his charge over it and those who know the bride best feel that he has chosen wisely and well. Myrtle, as president of the Christian Endeavor society here had few equals in the work and endeared herself to the little ones by her efforts for their advancement. For six years she had made her home with Mr. and Mrs. R. L. Collier, who took great pains to give her every advantage socially. She is a girl of fine sense, good taste, economical and practical and will certainly be to him a loving helpmate. Both bride and groom were recipients of many useful and handsome presents which would have numbered many more had their friends been posted as to the wedding day, but it was such a carefully guarded secret that few if any knew about it until the day before.

After receiving congratulations at Mrs. Collier's from their wide circle of friends and partaking of an elegant lunch, they were motored to Stanford, where they took the train for Louisville. After a visit to the groom's family at Valley View near Louisville, they will leave Jan. 1st, for Ocala, Fla., where Rev. Wyatt will have charge of a church next year. In bidding good bye to these two we with others feel that church, Sunday School and Endeavor Society sustain a great loss, but we hope their joyful beginning of life will at its close be brighter still.

On Christmas eve the Junior Endeavorers will entertain from half past six until seven at the Christian church here. The Baptist brethren have kindly agreed to have their services begin a half hour later on this account. Every member of the Juniors must be present. This entertainment is free and we hope a full house will greet them, as they have taken much pains to present an interesting program. The leaders, Mrs. Skiles and Mrs. George Stephenson have certainly worked hard for the advancement of the little tots and they try their very best to do as their leaders suggest.

SURPRISED THEIR FRIENDS

His many friends in Lincoln were given quite a surprise Thursday when Logan C. McCormack, son of W. M. McCormack, and one of the most popular young farmers of the McCormack section, and Miss Minnie Lee Sanders, of Garrard, were quietly married at the home of Rev. D. M. Walker here Thursday morning. After the ceremony, the bridal party drove to the home of the bride's parents, Mr. and Mrs. James Sanders, at Lancaster, where they were delightfully entertained at dinner. The bridal pair will visit in Garrard a short while after which they will return to Lincoln and go to housekeeping on the Turner Carpenter farm, recently purchased by the groom's father, Mr. McCormack is being congratulated by his host of friends upon winning so fair a bride, who is one of Garrard's most attractive daughters. She is a sister of S. B. Sanders, of Hubble, and will make a splendid helpmate for the man of her choice. They have the heartiest good wishes of all their friends as they start upon the journey of life together.

VETERAN GOES TO HIS REWARD

W. R. Williams Passes Away At His Home In Hustonville—Served Under Thomas In War

William R. Williams, one of the best known citizens of the West End of Lincoln county, died at his home in Hustonville early last Wednesday morning, after a long and useful life. He would have been 74 years of age next April, had he lived. Mr. Williams was born and reared in Hustonville, and was a member of one of the most prominent families of that section. He is survived by his wife, who was Miss Mary Threlkeld Bishop, and six children, five daughters and one son, who are Mrs. H. R. Olson, of Marietta, Ga., Mrs. Bower Reese, of Newnan, Ga., Mrs. Dowd McCarty, of Okolona, Miss. Mrs. Henry Walker, of Salt Lake City, Utah and Mrs. F. J. Mansfield, of Winchester, Ky., and Dr. O. S. Williams, of Hustonville.

Early in life the deceased became a member of the Christian church and through out his long life, he lived a faithful follower of the meek and lowly Nazarene. When the war between the states broke out, he espoused the side of the union, and fought bravely in Gen. Thomas' Command. He was a member of the Masonic fraternity and a member of Castleman Commandery, Knights Templar, of Cincinnati. For several years he drove Rural Route No. 1 out of Hustonville, with great satisfaction to the patrons of the route and the service generally. He was compelled by ill health to retire from the service of the government.

Funeral services were conducted Thursday afternoon, with the full and beautiful Masonic ritual, Grand Commander C. N. Smith of the Knights Templar came over from Danville, and conducted the services in the presence of a host of friends and loved ones, who gathered to pay the last tribute of respect to this splendid citizen.

\$6,000 In Xmas Money

To Be Distributed By Lincoln Co. National Bank Saturday

Saturday, at 4 o'clock, the Lincoln County National Bank will mail out checks to its Christmas Club members. This means that 577 individuals will have money to spend for presents this season, if they so desire, and the sum they can disburse, if they choose to do so, amounts to \$6,000, which is quite a tidy little sum to put into circulation all at once and will undoubtedly make business mighty good just before Christmas. The Lincoln County National Bank's Christmas Savings Clubs have grown in popularity each year and more members will be made happy this year with the handsome checks than ever before. The club for next year's savings for Christmas starts at the bank promptly on Monday morning, Dec. 18th, and all who wish to join can obtain full particulars from the obliging officials at this popular banking institution.

At the matinee tomorrow Miss McRoberts will play "To the Sea" by Macdowell.

THE J. H. WRIGHT SALE

The sale of James H. Wright, who recently sold his farm, on the Cut-off pike south of Stanford to Frank Martin, was a splendid one Thursday, notwithstanding the cold weather. A big crowd was present, buyers coming from all over this and surrounding counties. Col. John B. Dinwiddie, was in fine fettle, and got the high dollar. Sales of the live stock were as follows: Jersey cow to J. H. Yowell \$68; Jersey cow, P. L. Beck \$50; cow, W. A. Brent \$42; cow and calf, P. L. Beck \$69.50; cow and calf P. L. Beck \$65; cow, R. L. Berry \$34; cow, E. T. Pence, Sr. \$39; cow, Wm. Lair \$52; cow, R. L. Berry \$39; Jersey cow the Phillips \$32; Jersey cow and calf, R. L. Berry \$57.

George Dehnert took Tanlac and
walked after having suffered for years
from joints so swollen that his knees
refused to support his body.
"Tanlac made me strong and healthy,"
said Mr. Dehnert, who lives at 3544
Lilac avenue, Cincinnati. Smiling his

new-won "Tanlac Smile," he contin-
ued:

"For years I was in great misery
from physical worries. I suffered with
a bad stomach.
"Swollen joints crippled me and my
knees became so helpless that I could
not stand, much less walk. Then my
appetite was gone. I was nervous and
restless and my bowels were in such
bad shape that I had to take physic
all the time.

"Now I am in perfect health—100
per cent health efficiency—and I thank
Tanlac for it. I am glad to recom-
mend it to anybody whose condition is
like mine was."

Tanlac is sold exclusively in Stan-
ford at The Penny Drug Store, E. R.

Commissioner's Sale of Splendid Building Lots IN STANFORD

In obedience to a judgment of the Lincoln Circuit Court, rendered at the November term, 1916 in the action of Mrs. Sallie Varnon, etc., against Mrs. Sallie Varnon's Trustee, the undersigned Commissioner will on

Saturday, Dec. 16, 1916

beginning at 10 a. m. on the premises offer for sale at public outcry to the highest and best bidder, the "Van Devere property" in the Southern suburbs of Stanford, Lincoln county, Ky., in the following sub-divisions:

(1) Lot No. 9, of about 6 acres, containing a 9-room frame metal roof dwelling, a barn and other outbuildings.

(2) Lots 10 to 20, both inclusive, will then be sold separately, and then as a whole and the bid accepted which realizes the greater sum. These lots range in acreage from about 2 to 3 1-2 acres.

(3) Lots 1 to 8, both inclusive will then be sold separately and as a whole and the bid accepted which realizes the greater sum. These lots range in acreage from about 1 1-2 to 7 acres.

Lots 10 to 20 inclusive contain in the aggregate about 30 acres and lots 1 to 8 inclusive contain in the aggregate about 20 acres.

Lots 10, 11, 12, 13, 14, and 15 face Somerset street with frontage ranging from 135 to 180 feet and an average depth of over 600 feet.

Lots 16, 17, 18, 19 and 20 face on "Cut-Off" pike with frontage ranging from 145 to 180 feet and an average depth of over 600 feet.

Lot 1 of about 7 acres faces "Cut Off" pike and reaches town branch and has a tenement house of three rooms.

Lots 2, 3, 4, 5, and 6 are to face a new 30 feet wide road leading to Somerset street at Menefee and McRoberts corner near old pond.

Lots 7 and 8 face Somerset street in front of P. M. McRoberts and contain about 2 1-2 acres each.

The whole tract to be sold as above indicated is in southern suburbs of Stanford, Lincoln county, Kentucky, bounded on the north by land of Menefee and St. Asaph Branch; east by "Cut Off" pike and W. P. Grimes; south by J. S. Hocker and Mat Myers; west by Somerset Street and containing about 57 acres.

The object of the sale is for a reinvestment of the proceeds.

TERMS:—The sales will be on a credit of six months. The purchasers will be required to execute bonds with good security, payable to the Lincoln Trust Company as Trustee, bearing 6 per cent. interest from date of sale until paid, having the force and effect of judgment and secured by lien on the property sold.

E. D. Pennington, M. C. L. C. C.

On and after Monday, December 11, 1916, a blue print, showing the exact size of each lot can be seen on the bill board at the court house, at each of the law offices of J. B. Paxton and P.

Nationwide Prohibition

Most Important Reform Democracy
Should Adopt, Says Bryan

Reforms to which he hopes to commit the Democratic party and to see accomplished within the next four years, were outlined by William Jennings Bryan at a dinner given to him by admirers among Democrats in Washington last week.

Nationwide prohibition he urged as most important, and other causes on his list included woman suffrage by Federal amendment, election of the President by direct popular vote, and changes to make the constitution more easily amendable.

In addition to his program to be advocated Mr. Bryan gave a prominent place to two things he proposes to fight—the effort to give the Federal government exclusive control over railroad regulation and the "menace of militarism," presented by proposals for universal military service.

In reviewing at length the accomplishments of the Democratic administration, Mr. Bryan said the work had been done in one short term under the leadership of a great Democratic President, loyally supported by a Congress also Democratic.

"I shall take advantage of the opportunity which this dinner affords," he continued, "to point out a few of the issues which seem to me within the range of accomplishments during the next four years. But before taking up the things which should be secured, it is worth while to consider for a moment two things that should be prevented.

"We cannot afford to shut our eyes to the menace of militarism as it now is presented in concrete form. A large increase in the number of army and navy officers drawing salaries for life, and trained in a profession which teaches reliance upon the steel blade rather than upon the sword of truth, tends to substitute false standards of honor for the more peaceful standards that prevail among the producers of wealth.

"It is not unnatural that the magnifying of the profession of arms should give support to the proposal for universal military service, a system which is not only necessary but the adoption of which could not fail to breed that military spirit which has contributed so largely to the encouragement of war in other lands.

"The Democratic party, which builds upon a foundation which is especially ethical—the doctrine of brotherhood—has that reason for welcoming the co-operation of women in the work that lies before the party, and it has especial reason for regarding woman suffrage with favor at this time, since the influence of the women in the close States was sufficient to determine the result.

"I have saved for the last the reform which will involve the fiercest contest, and which will, when accomplished, bring the largest benefit, namely, abolition of the saloons.

"The Democratic party having won without the aid of the wet cities, and having received the support of nearly all the prohibition States and the States in which women vote is released from any obligation to the liquor traffic. It is free to take the moral side of this great moral issue, and I have no doubt that it will live up to its opportunities and obligations.

"The argument that national prohibition is an assault upon the rights of the States has little weight in the States which have already adopted prohibition, and its weight in the Nation will therefore diminish as the number of prohibition States increases.

"The Democratic party is the party of the people and the home is the people's citadel. The fight against the saloon is a fight for the home and for humanity. The Democratic party therefore cannot hesitate to choose the home against the greatest enemy that has arisen to menace it."

Mr. Bryan departed from the prepared text of his speech to advocate a referendum on proposed declarations of war.

"The experience through which Europe is passing," he said, "suggests the adoption of a constitutional amendment providing for a referendum on any declaration of war except when the country is actually invaded. This will not only be a safeguard to us, but it will be an example to the nations of Europe where the right to declare war is vested in the executive instead of with the legislative body is here."

A Broadhead correspondent says that Cashier A. M. Hiatt, of the Citizens' Bank, of that city, received a message the first of the week to meet train No. 21, on Wednesday night last with five ten-gallon cans to take care of a number of fish that would be on the special coach from the government fisheries. Mr. Hiatt met this train prepared to take care of the fish, and several hundred were unloaded. Mr. Hiatt fails to remember the names of the fish, but says they were fine looking, and many of

Keeping Yourself Well

THE FIRST STEP

Usually the first indication of a lowering of health is found in the bowels and liver. Something goes wrong—we eat too much, or work too hard—and the bowel action weakens or the liver is sluggish. That heavy feeling on arising in the morning, dryness of the throat, with bad taste, a slight headache, dull eyes—all show that food has fermented in the intestines, and that the body is manufacturing poisons instead of good blood.

Clear it all out. Give the stomach and bowels a fresh start. Encourage the liver to go to work. Manalin does all of this, without griping or weakening. It's the ideal laxative and liver tonic, because it follows Nature's plan, without discomfort, inflammation or forming a habit. Constipation may be overcome with its use.

Richmond Papers Raise

Subscription Rates Again

Some of our good friends continue to question the necessity of the increase in price of the I. J. from \$1 to \$1.50 a year. The Richmond Register and the Richmond Climax each a weekly paper, this week announce a subscription increase from \$1.50 a year to \$2 a year; less than six months ago they went from \$1 to \$1.50, and they are only once-a-week papers at that. When the public realizes that country newspapers are forced to pay \$160 a ton for white paper which cost them only \$40 a ton less than a year ago, our plight can be understood—and better still when it appreciates the fact that to print the I. J., we require almost a ton a month. A great many country publishers are being simply forced out of business, as there's no way in the world they can help themselves if their constituents will not realize what they are up against and give them the loyal support which they must have in order to live in this hour of stress.

A Word With Women

Valuable Advice for Stanford Readers

Mary a woman endures with noble patience the daily misery of backache, pain about the hips, blue, nervous spells, dizziness and kidney and bladder disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed, such aches and pains follow. Then help the weakened kidneys. Don't expect them to get well alone.

Doan's Kidney Pills have won the praise of thousands of women. They are endorsed at home—Read this Stanford woman's convincing statement:

Mrs. J. S. Good, Logan St., Stanford, says: "A constant backache brought me down so I could get no relief day or night and at times I could scarcely move. I had nervous headaches and the action of my kidneys caused me much annoyance. My limbs and feet were swollen and so sore I could hardly stand. Doan's Kidney Pills which I got at the Lincoln Pharmacy relieved the backache and other symptoms of kidney trouble."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Good had. Foster-Milburn Co., Props., Buffalo, N. Y. 99-1

Notice to the Public:

Many of the close cooperative bond that has existed between this institution and the public in this section throughout the two and one-half years of our existence, we deem it both necessary and wise to sound this warning in the interest of our patrons. Rising prices in the near future on suits, overcoats and nearly all dress requirements are no longer mere promises or suppositions. They are an absolute certainty. No power on earth can stay this epoch of soaring prices, which is without a single precedent since the Civil War. This condition is the direct result of the European War and the affairs consequent upon this terrible conflict. The enormous foreign consumption of woollens for the great European armies has practically created a woolen famine in the United States and other countries. Prices are advancing everywhere, on nearly everything. We expected this state of affairs and placed heavy orders long before prices took their upward trend. As a result, our prices have been affected little, if any, by the dire confusion which now confronts the woolen world. Our stocks are unusually complete and our prices are practically normal; and this fortunate preparedness made possible the largest volume of trade that we have ever enjoyed in the two and one-half years of our history. But we advise that no one delay purchasing what he may need at present or in the immediate future, as prices are rising and will continue to rise for fully twelve months to come. It will be well for the public to bear this frank advice in mind while making purchases for Christmas giving.

SUDDEN DEATH

Caused by Disease of the Kidneys.

The close connection which exists between the heart and the kidneys is well known nowadays. As soon as kidneys are diseased, arterial tension is increased and the heart functions are attacked. When the kidneys no longer pour forth waste, uræmic poisoning occurs and the person dies, and the cause is often given as heart disease, or disease of brain or lungs.

It is a good insurance against such a risk to send 10 cents for a large trial package of "Anuric"—the latest discovery of Dr. Pierce. Also send a sample of your water. This will be examined without charge by expert chemists at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. When you suffer from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired, worn-out feeling, it's time to write Dr. Pierce, describe your symptoms and get his medical opinion without charge—absolutely free. This "Anuric" of Doctor Pierce's is found to be 37 times more active than lithia, for it dissolves uric acid in the system as hot water does sugar.

Simply ask for Dr. Pierce's Anuric Tablets. There can be no imitation. Every package of "Anuric" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Golden Medical Discovery for blood and stomach.

WORRY, DESPONDENCY.

Kidney Disease is suspected by medical men when patients complain of backache or suffer with irregular urination, disturbed, too frequent, scanty or painful passage. The general symptoms are rheumatic pains or neuralgia, headaches, dizzy spells, irritability, despondency, weakness and general misery. Worry is a frequent cause and sometimes a symptom of kidney disease. Thousands have testified to immediate relief from these symptoms after using Dr. Pierce's Anuric Tablets.

THAT EAST END CULVERT AGAIN

Preachersville Correspondent Answers County Road Engineer Riffe's Recent Card

Preachersville, Dec. 4.

In the I. J. of Oct. 24, the County Road Engineer, McKee Riffe takes exceptions to statements which appeared in our correspondence from this place which had been published a few days previously. I had, as will be remembered, written an item concerning the finding of a 275-pound hog where it had fallen into a hole at the end of a culvert, where the water had washed out quite a sink hole three feet wide and three feet deep. And further that the hog had subsisted on the bark off of sycamore roots in this narrow prison for six weeks, that when lost it was a nice fat hog, fat enough to butcher, when found it was a mere shadow, etc., etc. Also knowing the condition of some other culverts in the East End, scattered over a considerable territory, to be dangerous to travel and in some instances other culverts were "blind" to all intents and purposes, we sought to drive home a moral that our county road officials would do well to employ a common horse drawn vehicle when attempting to inspect our rough East End roads, which are, as everyone knows, who has occasion to travel over them, very rapidly going down, deteriorating with every rain in summer, every freeze and succeeding thaw in winter, and that insufficient ditching and lack of sufficient drainage with metal for surfacing either poor in quality, deficient in quantity, improperly placed or lacking altogether, has put our pikes in a class with the better class of dirt roads.

When the I. J. make-up man placed the caption over our article, "Some Pig Tale," This, with the sub-head, "Fat Hog Falls Thro' Culvert," he little thought that the sub-head conveyed an impression not given by the reading of the original manuscript, which was in truth neither a brickbat nor bouquet, nor was it intended as such by the writer. But it certainly was a pleasure the way Mr. Riffe "came back" in response to the article showing plainly that he is awake to the responsibility which attaches to the office which he fills, and that unquestionably he is the right man in the right place, if he considered himself hit by the slugs from

our Gatling gun. For over 12 years we have denounced our poor road working system and the still poorer roads we are getting, both through the press and on every occasion where criticism was merited or deserved and never a response to try to "correct" our statements from any of the several officials who have had to do with our roads and their care during said times. But nay, not so now. Mr. Riffe came back. Hardly had the I. J. dropped from the press till he grabbed his little spade and started out on his regular trip of inspection. He then wrote in his "come back" as follows:—

"I found the 'hog culvert' not out of commission, or any way dangerous to travel, it having never been stopped up in the two years of my management, and Mr. Lawrence assured me that it is in practically as good condition as it was fifteen years ago. But I did find culverts along the property where Mr. Blankenship lives partially or wholly stopped by limbs and other trash washed from his place and one twenty-four inch metal tube just in front of his house with a wash tub placed over the end putting it out of commission, and causing the water to overflow the pike. I also found his very 'dangerous culvert' with a large quantity of debris from his farm choking the end, causing the water to undermine the walls."

We again repeat our former statement that the "hog culvert" is out of commission, for the simple reason that it is not serving the purpose for which it was built. The water from the spring on the premises of M. F. Lawrence runs to about six feet from the mouth of the culvert and then and there drops down into the sink hole and out of sight, thus leaving the culvert high and dry. As water always seeks a lower level, we must face the fact that the builders of this turnpike were not building culverts for ornament, nor would they have placed it in juxtaposition to a healthy sink hole which afforded all necessary drainage at that time. So it can be seen that the sink hole came into being since the culvert was built. The mass of roots from the sycamore tree caught drift thus impeding the flow of water to the extent that the weight of the water caused the earth to give way. Since which time the culvert has been out of commission, though yet possibly it "is in as good condition as it was 15 years ago," according to the expert testimony of Mr. Lawrence. Now we wonder if there is any connection between the testimony offered by Mr. Lawrence

and the digging and ditching in front of his gates?

When Mr. Riffe tells of the condition of culverts along the property, where Mr. Blankenship lives he should have explicitly stated which Mr. Blankenship to whom he referred for the reading public at once came to the conclusion that it was yours truly who had been so remiss in the duty of all good citizens in the care and use of our public highways. A large circle of friends scattered wherever the I. J. circulates, and that is everywhere, now regard us in the light of a public malefactor. There are about a round dozen of the clan Blankenship who bear the title of Mr. before their names and one should be careful to give the given name, initials, or else their personal identity is rendered somewhat obscure. We would like to state that we do not own or operate any land on or near to the Preachersville and Stanford pike; glad we don't, if we did our egress and ingress would be too difficult. At closest point our holdings were two farms away from this pike the past season.

Mr. W. C. Blankenship, not the writer mind you, when questioned about the culvert in front of his house, stated that during the winter the metal culvert would carry all the rainfall and melting snow adequately but that during the spring and summer with their heavy downpours the culvert could not begin to handle the water tributary to this spring branch with its considerable territory of drainage. As a result the pike often overflowed at such times. He states that he has stood on the pike above this metal tube and hooked out trash and drift to keep the opening from being clogged up. The consensus of opinion amongst our older citizens is that the metal tube is not much of a culvert, rather too much like a tin whistle and not at all as adequate as the old rock culvert which the metal tube displaced. At the present high prices on galvanized wash tubs one might consider a man a "little off" or else well supplied with the "rocks" who was so reckless as to put a tub over the end of a culvert. To check such wanton wastefulness, such reckless extravagance, we suggest a fine of one cent and the costs as a remedy. This streak of cussedness establishes a bad precedent. Old adage hath it, "Every tub shall stand on its own bottom." This cannot be construed in any way to mean a stopper for culverts.

The nearby culvert which Riffe thought was the one mentioned by us as "dangerous" is not the one we

referred to, but is if anything, one of the most dangerous places on any road in our knowledge. In the first place we find that Mr. Blankenship has never operated any land contiguous and is not responsible for any deficiency in this culvert. There is nothing to show that any debris from said farm caused its dangerous condition. The embankment and upper abutments are true as when built. A ground hog has made a shallow burrow in the roadside grass; this does no harm. The dangerous hole is on the other and lower end of the culvert. A large hole has broken through just outside the place where wheels of vehicle ordinarily run. It is large enough to bury a large horse, with lots of room to spare. What caused this? We made a close examination by crawling up under the culvert. One of the large flat rocks placed over the culvert for a part of the roof had broken into and fallen on the floor of the culvert. A repair made before Riffe's administration consisted of three small posts and a piece of bridge plank placed across walls of the culvert in place of the stone. The large opening above was then filled up with several loads of rock from a nearby stone fence. Recently the rocks have settled out of place or given way leaving a very dangerous trap where if two vehicles were to attempt to pass in the dark one would surely meet disaster and the occupants come to their death. A horse might fall into this sink hole and the rider pinned under and crushed to death. This danger continues and no steps are taken to remove it. If not to be fixed at once why is no suitable warning erected or banister placed around it? Shall it continue till someone is injured or killed?

The dangerous culvert we had mentioned was one located south of the Drake's Creek Stock Farm, the home of Big Durocs. This culvert was dangerous August 25th and continued so until the appearance of our article in October when Mr. Riffe came and repaired a number of small culverts near here to the great pleasure of all who use highways.

Now as to the blind culverts. We are told on good authority that there is a culvert, now out of sight, just at M. F. Lawrence's front gate, long hidden for 10 these many years. Contour of road bed and slope in ditches show that water cannot flow on to other culverts but frequently the pike overflows at this point and results in plenty of mud. Another blind one is west of Mr. Anderson's house. Another still is on the Crab Orchard and Lancaster pike between Jones L. Anderson's store and the blacksmith shop of Fado Parks. It is stone blind. The water has no drainage and cuts across the pike diagonally and causing much damage to the highway. Still another one also stone blind is just north of the Preachersville Baptist church. Water in the nearby field and for some distance up and down the roadside collects at this lowest level and forms a small pond; its over-

Exposure is the most frequent cause of coughs, colds and grippe. The penetrating dampness starts the chill, the germ gets a foothold and sneezing, sniffing and coughing are the consequences.

When you notice that grippy, stuffed-up feeling take Dr. King's New Discovery and stop its progress. The pure balsams in this old reliable cough and cold remedy soothe the sore throat, the antiseptic qualities cut the phlegm and kill the germ and the cold is quickly relieved.

Have a bottle handy for gripple, croup and bronchial coughs. You'll like it. Your druggist has sold it for years.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With
Thedford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whittaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Thedford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Thedford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a Package to-day.

their property every year or so, one instance of \$200 at one clip the past session of the Board of Equalization.

Query:—After an open fall with no rain to speak of, river and creeks low, why has there been no gravel spread on any of our pikes in this vicinity, why has no rock been spread, and why has there been no ditching on any of said pikes, especially from Crab Orchard to the Gardner county line, and from Preachersville to Wilkerson's Branch?

Press of work has precluded an earlier reply to this matter.

Yours very truly,
B. I. BLANKENSHIP.

Such tobacco enjoyment

as you never thought could be is yours to command quick as you buy some Prince Albert and fire-up a pipe or a home-made cigarette!

Prince Albert gives you every tobacco satisfaction your smoke-appetite ever hankered for. That's because it's made by a patented process that cuts out bite and parch! Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

PRINCE ALBERT

the national joy smoke

has a flavor as different as it is delightful. You never tasted the like of it! And that isn't strange, either.

Buy Prince Albert everywhere tobacco is sold in tippyred bags, 5c; tidyred tins, 10c; handsome pound and half-pound tin humidors—and that corking fine pound crystal-glass humidor with sponge-moistener top that keeps the tobacco in such clever trim—always!

Men who think they can't smoke a pipe or roll a cigarette can smoke and will smoke if they use Prince Albert. And smokers who have not yet given P. A. a try-out certainly have a big surprise and a lot of enjoyment coming their way as soon as they invest in a supply. Prince Albert tobacco will tell its own story!

HIGHEST AVERAGE FIGURES!

Ever Realized In the History of Burley Tobacco Growing In This Section

Not a Single Basket Rejected Since Sales Began. During the Week Market Has Been Open, Nearly \$100,000 Distributed to the Growers

ENTIRE FLOOR AVERAGE THIS WEEK WAS \$18.00 PER HUNDRED POUNDS. INDIVIDUAL CROPS REPORTED BELOW, ARE THE ENTIRE CROP OF EACH GROWER, SHOWING EVERY BASKET SOLD.

FARMERS FROM ALL COUNTIES SURROUNDING BOYLE ARE SELLING THEIR CROP ON THE DANVILLE TOBACCO MARKET AND EVERY ONE YET MET, IS WELL PLEASED

If there is a tobacco grower in Boyle, adjoining counties, or in Central Kentucky, that has ever doubted the Danville Market being the best in Kentucky, that doubt is certainly removed now. Never in the history of any market, have such high floor averages been made on entire crops, as have been made at the Danville houses since their opening, Dec. 4th. If there are any doubting "Thomas'es" we beg you to ask any one who has sold his tobacco in Danville. Every seller we have seen is simply DELIGHTED with the high prices he has received. Tobacco continues to roll into Danville and will continue until the close of the season. Why? It is not only the best market, but, besides this, the Danville Houses do a STRICTLY COMMISSION business. Below are a few of the averages made on the ENTIRE CROPS brought to market.

WOMEN'S NERVES

Women, more than men, have excitable nerves because tiring work and physical strain tax their more delicate nervous systems and bring premature age and chronic weakness—unless treated intelligently.

Drug-laden pills and alcoholic concoctions cannot build up a woman's strength, but the concentrated medicinal food properties in

SCOTT'S EMULSION

build strength from its very source and are helping thousands of women to gain control of their nerve power—overcome tiredness, nervousness, impatience and irritability.

SCOTT'S is a liquid-food—free from alcohol.
